

Dominiquez Lemons

March 3, 1986 - March 14, 2022

Dominique Lemons, a native of Miami, Florida. Born sunrise, March 03, 1986, her sunset on March 14, 2022. The daughter of Hilda Jean Baldwin Lemons (Predecease) and Fritz Simon. Dominique Lemons was the third daughter and the baby girl of her five siblings. Being very loving, intelligent, and full of dreams, goals, and desires. As the youngest child, she recognized significant characteristics in her siblings, family, and all those she considered a friend. Dominique recognized that in her brother Terry he was a born leader, her brother Leonard had the potential to do anything that he set his mind to and that he should use that superpower to change the world. She said that Angel was the smartest person she had ever known, and she always learned something new. When it came to her sister Nikki, she was truly her best friend. Dominique saw in her brother Bryan the potential to become a great man. However, when it came to her children, she understood the true meaning of not just potential, but love that has no restrictions. Jashanie was her sunrise as she rose to a new day of futures to come. Joshua was her soldier, who would one day champion against the systemic stereotypes that are placed on young men and succeed in life and become limitless. There are no words to describe what everyone already knew about how she felt about Janice. It was because of these three that Dominique refused to give up because a mother's love has no boundaries. Dominique Lemons is survived by Jashanie Ragin, Joshua and Janice Facen, Leonard Baldwin, Terry Lemons, Angel Lemons, Nicole Lemons, a host of nieces, nephews and an assembly of cousins, other

family members, community, and close friends that loved her dear.
If Domonique Lemons ever made you smile, laugh or shown love and
compassion towards you: then today is not a day of sadness but of
remembrance and celebration for the experience of ever knowing her.
