“ I was in the YMCA program in Fulford Elementary since kindergarten all the way to 5th grade and throughout all my years there, she was always there for me. She congratulated me whenever I made an achievement such as getting good grades, getting an honor roll certificate, and participating in performances. She was always very kind and nice to me and the other students. I loved her so much that even after I went on to middle school, when I would pick up my sister from aftercare I would always go straight to her to say hi and see how she was doing. I am an 8th grader now and I still remember her. I really miss her so very much. I really want to thank her so much for making my kindergarten year all the way to my 5th grade year so amazing. - Aiden Pierre

“ I remember moving to NMB in 3rd grade, so nervous about switching schools. Your mom made me feel safe and welcomed. I will never forget her; making sure I was always ok, also gave my mom the piece of mind when we knew nobody in that area. Thank you again, fly high angel.

“ During my time at the YMCA, Mrs. Skepple was incredibly kind and supportive. I was young then, and her strong work ethic and warmth made those days so much easier. She's someone I still speak of often. May she rest in paradise.

“ *Ms. Skepple was never a touchy feely kind of person, but I got her to accept my hugs and give me hugs as well! I am so grateful to our Lord for allowing me the blessing of working with Ms. Skepple. She was an angel at Fulford Elementary with our students, teachers and staff and is an angel now in heaven! She will always hold a very special place in my heart!*
