

Marie Anisia Anita Charleston

November 28, 1930 - May 18, 2023

Marie Anisia Anita Charleston was born on November 28, 1930, in L'Acul Gros-Morne Haiti. She was the last surviving child born to Olympe Etienne and Fuscimable Charleston.

At an incredibly early age, she moved away from her parents to learn to become a commerce woman. At the age of 22, she gave birth to a boy, Marc Bertin Charleston, and six months later to a girl, Ginette Charleston. She was a strong, kind, giving, caring, and loving woman. She worked hard all her life, not for herself but for her son with a strong desire to see him live a great life, which was not easy for her as a single mom.

She loved to cook, garden, and sightsee. She also loved animals. She moved to the United States in 1992 and initially lived with Marc and his family. Later, she moved and lived on her own because she was an independent person. There she enjoyed her passion for cooking and would serve whomever she knew, including friends and family. She loved making griot, bannan peze, bouillon with dumplings, and legume. Every day she also enjoyed riding her rollator chair to take food and grain to feed the ducks.

She was a Christian woman. She loved God. She loved her church and her church family.

While we looked forward to many more precious moments with our loving Marie, the LORD called her to enter her Heavenly Home on May 18, 2023. She was 92 years old.

Marie is survived by her son, Marc B Charleston, and his wife, Solange J Charleston. Grandchildren: Sheirley Charleston Tobias, Marc Charleston Jr, & Myrna. Great grandchildren: Breann E Tobias, Elijah J Tobias, & Saul U Charleston. Her nephew, Roosevelt Charles, his wife, Nickel Silva Charles, & son, Roosevelt Junior Charles.

All will miss Marie. While we mourn the passing of our mother, grandmother, and great grandmother, we are comforted by her long, happy, and fond memories.

May this celebration of her life reflect the memories we share of her in our hearts as a beacon of light, hope, and strength forever!
