

Marie Nina Augustine Petit Homme

June 15, 1950 - June 15, 2022

Good morning friends and family. On behalf of the Augustin family I would like to thank each and every one of you that is here attending the service today and also those who have sent their thoughts and prayers and condolences. They have been extremely heartfelt and comforting in this extremely difficult time, so thank you.

My name is Nerline and I am the daughter of Marie Nina Augustin Petit Homme. We are here to acknowledge and celebrate her life. As many of you know, my mother was an extremely kind-hearted, welcoming, spiritual, and loving person. She lived her life always ready to receive anyone in need with open arms.

She was born on June 15th, 1950 in Haiti. In her 20s she made her way to America and endlessly worked 2 or 3 jobs at a time to take care of her family. Family meant the world to her, so her home became a refuge to anyone in need. She would always make sure you are well fed, even if you insisted you were already full. Know you would never go hungry in her

presence. Over the years I have heard hundreds of stories of how my mother would open her arms and heart to someone in need. She always made the time to take care of the needs of others while sacrificing her own. My mother was a woman of God who lived each day to the fullest and made it a priority to make sure everyone around her was taken care of. If you were sick, she would visit you, cook for you, and let you know that you are not alone.

She was a person who would always advise you to live life to its fullest and not take one day for granted. As long as you have breath, she would say, you have the power to do something greater. Those words I heard over and over again. She was loving and encouraging and she was a Godly woman who loved life. But more importantly she was in love with Christ and always knew she would be home one day. Although the pain and the void that we feel today from losing her is challenging, I take comfort in knowing that she is truly home where she always longed to be. In remembrance of the selfless life that she has lived, I encourage everyone of us to take care of one another and always lend a helping hand to someone in need. The pain that she has left behind is tremendous and incurable but we must remember the tremendous love that she was able to share with each one of us and honor her memory as we live our lives everyday.

So today we came together to say our final goodbye but let's remember to

keep her memory
alive in our hearts, never letting her spirit die, which I know would be pleasing
to her. Finally, I
say farewell to my Godly, loving mother until we meet again.
Thank you.
