

## Marie Mireille Pradel Chalmers

January 3, 1951 - June 20, 2021

We are gathered here today in the memory of Mireille Pradel Chalmers, known by all as Mom, Mireille, Mimie, so that together we may acknowledge and share both our joy in the gift that her life was to us, and the pain that her passing brings.

Mireille was only 70 when she passed away in her house in Haiti. She was born on January 3, 1951 in Port-au-Prince, Haiti. She grew up amongst a brother and many sisters. She pursued her dream and became a well-known pediatrician. Her love for caring for the less-fortunate moved her to always put providing care above all else. There is a beauty and a satisfaction in seeing the result of her labor. There is a peacefulness that can come over us as we know that throughout her career, she made a difference in the world.

While we are grieving her loss, let's remember Mireille in a way that honors her spirit. She loved music, especially those *chansonnettes françaises*, traveling, laugh, and talk to those dear to her heart. Mireille was a great mother, grandmother, sister, aunt, friend to many. She is survived by her spouse, daughters, son, grandchildren, brother, sisters, nephews, nieces, as well as other relatives and friends.

May her memory live forever, may we carry her legacy and impact others like she did. Like Rumi said: "Goodbyes are only for those who love with their eyes. Because for those who love with heart and soul there is no such thing as separation."
