

Sabina Sumintra Ramdas

January 13, 1987 - September 24, 2022

Good afternoon and thank you for coming to celebrate my amazing sister. My sister left us way too soon but had a profound impact on all of our lives that will never be forgotten and will never be replaced.

Sabina Sumintra Ramdas was born on Tuesday, January 13, 1987 in North York Branson Hospital in Toronto, Ontario, Canada to Allan and Sumintra Ramdas.

Sabina was born into a very large Guyanese West Indian family with 18 aunts and uncles on her mom's side and 8 aunts and uncles on her dad's. Sabina has over 70 cousins who love and miss her dearly already.

Sabina grew up in North Miami Beach where she excelled in school, graduating in the top 5% of her high school class with numerous science awards and was very involved in extracurricular clubs and organizations. Sabina went to Tulane University in New Orleans, Louisiana and immediately fell in love with the NOLA culture from Cajun food to Jazz music to Mardi Gras!

Sabina moved back to Miami after graduating and lived life to the fullest. She loved to travel, watch movies, go to music festivals, spend time with her friends and family and she was a huge foodie.

Sabina kept pushing to achieve more academically and professionally. After earning her Bachelors of Arts in Psychology from Tulane, she earned her Masters of Science in Marketing from FIU, along with certificates in marketing research and human computer interaction from MIT. At the time of her passing, she was in the final semester of her Doctorate in Business Administration from FIU.

Sabina was a business analyst at NextEra Energy, Inc. and loved her career that combined marketing, communications and research. She was a very active member of the Insights association and the Junior League of Miami.

Nothing brought more joy to Sabina than her role as Godmother and Aunt to Jasmine and KJ. She enjoyed theme Halloween costumes, going to Disney on ice and theme parks as well as playing hide and seek in the house or splashing in the pool with them.

Sabina loved new experiences and adored her family very much.

We will miss her forever.

“ I am a vendor partner to NextEra Energy who worked with Sabina from time to time on research projects. I learned of her passing only very recently and wanted to extend my condolences to her family, friends, and colleagues. Sabina was an outstanding researcher, and our team always enjoyed working with her. Her work had tremendous impact, and we know that her legacy in this sphere as well as many others will endure.

“ I am so very sorry for such an incredible loss. Sabina was just a good and funny person. I worked right next to her for a couple of years at NextEra. We had lots of laughs (and eye rolls) and food. When my dog passed a handful of years ago, Sabina left me a simple lily and a sweet card. I will never forget her empathy. She was just happy to be offer here kindness. Not many people like that. She once stayed at my house during a hurricane. That was fun and eventful! We thought it was going to be bad. Luckily we weren't without power for too long at my house, and no one had damage. Her apartment actually kept power. We should've stayed there. I wish I had the right words. I'm just heart broken. Sending love and praying for your comfort. Sabina will be forever missed ❤️

“ Condolences to Alan and Sue and family from Debbie and Barry Zachary. Cherish your beautiful memories with her and sometimes you will smile, cry and laugh because it's a rollercoaster of emotions and there's no book but know she's always with you as your guardian angel. Rest In Peace Sabina.

Deborah and Barry Zachary - September 28, 2022 at 08:25 PM
