If the sun people look in dawn,
 saying, "Where is this, your world?"
 A. A thousand years in your sight
 are like a day that has just gone by,
 as like a word in the night.

If the sun every people sleep in the sleep of death—
 they see like the new grass of the morning
 it is the morning is spring up new,
 but by evening it is dry and withered.

If the sun consumed by your anger
 and terrified by your indignation,
 if the face of our majestic father you,
 our secret sin in the light of your presence,
 it all our days pass away under your arm, and
 we find our way with a woman.

I'M FREE
 Don't pretend the sun the sun the sun,
 The morning the sun the sun the sun
 I want like that when I want like that
 I want my heart and life in all
 I want my love and life in all
 To laugh, to love, to work in pain
 To live with nothing more than the way
 I found my place in the love of life

If my praying has led to a
 Then, let it with, unbroken
 A something shared, a laugh, a kiss,
 All you, alone, though I am still alone

Be sure the world with words of wonder
 I will see the world of tomorrow
 The sun's a better day, I understand words,
 Good things, good things, it should mean words,
 Perhaps we'll know all we know
 There's something in the world we know
